

## *Flexible, Simple Communications for Small and Mid-Size Businesses*

Spend more time managing your own business and less time buying, managing and maintaining your communications systems.

Flexfone...doing all your current, antiquated system does and more.

Flexfone...a Unity Connected solution.

A hosted communications solution built to fit you and not the other way around.

To Learn more about Flexfone

Go to [www.flexfone.net](http://www.flexfone.net)

Flexfone is the perfect choice for small and mid size companies that want to focus on growing their own business and not having to become an IT company.

Flexible, simple and scalable, a hosted solution that fits your needs whether you have 5, 10, 50 or 100 employees.

Flexible because it can scale as your business grows, handle seasonality, let you choose how much to manage and, offers pricing plan and install options.

Simple, because we take care of the core system and can have you up and running in 5 easy steps.

Enhance communications with your customers, suppliers and employees while reducing the burden on your capital expenditures.

Features like find me/follow me, that make your employees more productive whether in the office or on the road.

Flexfone includes unlimited North America wide Long Distance and eliminates the ongoing cost of telephone line connections.\*

And if you have multiple sites, we can make them look like one office.

All for one simple monthly fee.

## Flexfone Dedicated or Shared...to better fit your business

Flexible pricing plans include unlimited North America-wide LD\*

Options include FAX Service and Conference bridge

\* Based on our fair use policy

### Flexfone Dedicated:

For Sales or Customer focused businesses that require a higher ratio of lines to employees.

1 Person/Telephone per line  
1 voice-mail box per line

### Flexfone Shared:

For medium or larger offices or where your business is less telephone intensive

Up to:

4 people/telephones per line  
4 Voice-mail boxes per line
